our history

In 1978...the Edmonton Northgate Lions Club constructed a recreation centre on City land for senior citizens and the community. One of the busiest and most successful Seniors Centre in all of Canada was born and has continued to thrive.

Today, the North Edmonton Seniors Association (NESA) operates the Centre with support from the Citizen Services Department of the City of Edmonton and the Northgate Lions Club. NESA is an independent, charitable, non-profit society providing recreational, social, educational and wellness programs and services to seniors (age 55+ years). NESA is the largest seniors organization in Edmonton, responsible for providing the most comprehensive older adult recreational and social programs.

NESA's success speaks for itself:

- Over 600 programs run annually;
- Over 300 volunteers give over 40,000 hours of their time collectively, annually.

CONSTRUCTION NOTICE

Northgate Lions Seniors Recreation Centre Rehabilitation

Dear North Edmonton Seniors Association Members,

The City of Edmonton is excited to share that the Northgate Lions Seniors Recreation Centre will be undergoing rehabilitation work starting in July 2023. The rehabilitation project requires a temporary closure of the entire facility in Summer 2023. The anticipated reopening would be in Spring 2024.

This rehabilitation project includes both interior alterations and parking lot renewal to increase usability and accessibility throughout the site and building. The project will update mechanical and electrical systems, including replacement of the hot water distribution system in the original building section, installation of direct digital controls on the HVAC system, addition of a new condensing unit on the roof and replacement of electrical fixtures and panels. The project will also replace the front exterior and interior entrance doors, shower flooring in the men's locker room, bi-parting accordion partition and the front entrance elevator. Exterior renewal will include restoration of the asphalt outside of the main entrance (bus stop) and replacement of skylights and the roof hatch.

We understand the impact of the closure on users and the program offerings. The rehabilitation work is necessary for continued operations and must be completed in 2023/2024.

The City is working with the North Edmonton Seniors Association to look at options for programming locations during the rehabilitation work, and looks forward to continued partnership in this facility.

As construction progresses, updates will also be available at edmonton.ca/NorthgateSeniors.

THANK YOU

Tim Harris
Supervisor | The Meadows Community Recreation and Seniors Centres

Water Marbling Workshop: Silk Scarf and Paper

Karen Selinger

Water Marbling is a centuries-old art form where paint is floated on water and special tools are used to create designs and patterns. The image is then captured by placing paper or fabric (or other porous materials)

on top of the water where it is immediately transferred and permanently affixed. This is an introduction to this mystical art form where you will learn basic water marbling techniques. You will use simple tools such as rakes, sticks, combs, and splatter brushes to create unique, one-of-a-kind designs.

We will start the workshop by learning how the paints float and how the colours respond to each other. Next, we learn basic designs like freestyle, stone, peacock, and feather which we print to paper. Lastly, you will then apply these techniques to design a 14"x72" silk scarf. There are no special skills required, only the willingness to experiment and have fun!

Pickleball Programs at NESA

Over the last few years NESA has experienced a significant increase in demand for more pickleball programs for its members. At the start of each season, many members often had to be waitlisted for pickleball because there was no available program space for them to participate. In efforts to fulfill NESA's goal to provide recreational opportunities and experiences for as many members as possible, we have reviewed all feedback and program suggestions from members, consulted with the membership via survey, enlisted professional Pickleball Instructors to review the most logistical and equitable options possible, and worked with the recreation centre's programming team to revamp its schedule to accommodate additional opportunities for more members to play this popular sport.

Pickleball Matches and Schedule - New Format!

Moving forward, all weekly pickleball sessions will have reduced enrollment capacities to allow each member more time to play. There will be a **15-member maximum** per group. Timed round robin matches (approximately 11-13 minutes in duration) will be implemented to provide all members an organized and equitable opportunity to play.

PLEASE ARRIVE EARLY TO AVOID DISAPPOINTMENT !

To ensure all members sign up for and organize their pickleball matches in a timely manner, it is suggested to arrive at least five minutes prior to the start of the session. Late arrivals may be subject to reduced program time.

Thank you for your consideration and helping to ensure an enjoyable program time for all members.

Pickleball Rules, Scoring and Group Support

To ensure that all pickleball registrants are familiar with the rules, scoring system, and how to organize their round robin matches, while not required, it is recommended that members have registered for one of NESA's previously offered 'Learn to Play' workshops **prior** to participating in any of the weekly sessions of pickleball.

Pickleball Paddles

Members are required to bring their own paddle to their program but if you do not have one, NESA can provide a rental paddle to you for \$1/session.

All skill levels are welcome as these are non-competitive programs. Knowledge of the game and some experience is suggested as no instruction will be provided during these sessions.

Pick-Your-Pickleball – New format!

You asked for more options and registration flexibility and we are pleased to offer just that! Join in on as many sessions of pickleball as you'd like by choosing your preferred dates and times all at once or registering each week. Space is limited so it is advised that you pre-register for your sessions to secure a spot! If your preferred date is full, be sure to add your name to the **waitlist** so you can be contacted if a space becomes available. **NOTE** There is no cost to be on the waitlist.

SESSION DETAILS

\$5 PER SESSION, PER DATE AND TIME FRAME

NOTE Fridays have limited pickleball offerings due to the afternoon and evening NESA special events scheduled in the auditorium space.

Looking for NESA's Learn to Play Pickleball or Level Up your Pickleball workshops?

NESA does not currently have any scheduled for the Spring 2023 season but hopes to have more scheduled in the near future. Stay tuned for more information!

Why can't the pickleball programs be scheduled for longer than 75 minutes?

At this time, due to time and scheduling constraints, the 75-minute offerings are the only option available. If sessions were increased in duration it would mean that there were fewer options available to offer pickleball programs and less members would have the opportunity to play.

Where else can I play pickleball?

If you are looking for more dates and times to play we encourage you to visit the various seniors centre throughout the city along with the numerous City of Edmonton recreation facilities. Also consider checking out recreation facilities like the YMCA or various community leagues in your neighborhood as they may have hall and auditorium space available for pickleball.

Where can I play competitively or rent my own court space?

Consider checking out the Edmonton Volleyball and Pickleball Centre or the B-Active Badminton Club for court rentals. Additionally our friends at the Central Lions Recreation Centre offer various levels of pickleball as they have two gymnasiums and the space to allow for multi-level pickleball programs!

Why doesn't NESA offer different levels of pickleball?

At this time due to a limitation in scheduling options, NESA cannot offer specific levels of play as it may limit how many members are afforded the opportunity to play. Additionally, skill-level determination when done on a self-designated basis may result in groups where experience level may still differ significantly amongst participants.

As these programs are non-competitive in nature we hope that all members will be able to work together in creating an enjoyable, welcoming and fun experience for one another.

With the implementation of the new pickleball program format and from the support and guidance of the Pickleball Instructors, NESA may consider the offering of different levels of play in future seasons once the efficacy of the new format can be evaluated.
