our history

In 1978...the Edmonton Northgate Lions Club constructed a recreation centre on City land for senior citizens and the community. One of the busiest and most successful Seniors Centre in all of Canada was born and has continued to thrive.

Today, the North Edmonton Seniors Association (NESA) operates the Centre with support from the Citizen Services Department of the City of Edmonton and the Northgate Lions Club. NESA is an independent, charitable, non-profit society providing recreational, social, educational and wellness programs and services to seniors (age 55+ years). NESA is the largest seniors organization in Edmonton, responsible for providing the most comprehensive older adult recreational and social programs.

NESA's success speaks for itself:

- Over 600 programs run annually
- Over 250 volunteers give over 40,000 hours of their time collectively, annually

PROGRAM UPDATE

Ideally NESA would be opening all of its activities at the same time, but understandably that is not possible. The phased approach was developed with all of the information gathered from the provincial town hall meetings and the AHS visit, as well as what is allowed via the guidelines and in some cases, Provincial Orders. Activities are identified as being low/ high risk and low/ high priority. The suggested phases are all subject to change based on the recommendations and guidance from Alberta Health Services.

Low-risk activities The activity can commence with appropriate physical distancing, it is minimal-to-no shared equipment and/or supplies, and the workspace can be effectively cleaned and sanitized. Please note that low-risk activities with previous low enrollment may be placed in a later phase to accommodate higher enrolled activities.

High-risk activities The activity cannot be done while properly adhering to the physical distancing guidelines and high touch areas are difficult to effectively clean and sanitize. An activity will also be considered high-risk if there is an increased likelihood of transmission of sweat or saliva droplets and equipment/ supply sharing is unavoidable; for instance a high-impact fitness program, floor and court sports, singing or playing wind instruments.

Low or High Priority All activities are important and the preference would be to open all of them. Unfortunately, that is not possible at this time. It is required to divide programs by priority based on enrollment. Activities with higher enrollment have a greater need to accommodate, granted they were identified as low-risk.

Other factors that have affected which phase activities were placed are instructor or space availability.

NEW GUIDELINES & PROTOCOLS

Understandably, due to the events of the COVID-19 pandemic, Alberta Health Services has implemented guidelines to help prevent the risk of transmission of infection. These guidelines are set to keep our instructors and members participating in programs as safe as possible. It is very important that all members do their best to respect and adhere to these new guidelines. Thank you for your understanding and cooperation.

THE FOLLOWING GUIDELINES AND MEASURES HAVE BEEN MADE AT THE FACILITY TO KEEP YOU SAFE:

- At this time, contactless registration and payment is the safest option for everyone. Please learn how to do this by referring to page 4.
- The maximum number of participants per program has been significantly reduced to allow participants to adhere to the physical-distancing requirements.
- Some program and activity times have been adjusted to stagger furthermore allowing time for proper cleaning and sanitization of spaces, and to allow time for participants to leave and arrive with limited contact.
- Floor markings will indicate one-way flow patterns where possible, alternate exits, waiting areas and where to place yourself while adhering to distancing protocols before, during and after your program.
- Sneeze guards have been installed at the front office, fitness center and outreach desks.
- Office hours have been adjusted to allow time for staff and volunteers to sanitize and properly prepare before and after their shifts. Please refer to page 3 to see updated office hours.
- Signs have been posted in every room indicating occupancy limits, distancing and hygiene expectations.
- Our custodial team will clean and disinfect high 'touchpoints' more frequently.
- Employees and Volunteers will receive daily health and temperature checks and self-isolation will be required if any staff/volunteer has been travelling, exhibiting symptoms, or has been exposed to someone exhibiting symptoms.
- Lockers, showers and water fountains will be *temporarily unavailable*.
- Wipes and sanitizer stations will be available as well as sinks in many program rooms for proper hand-washing.
- Reservation-based system implemented in the Fitness Centre with reduced patron occupancy and machine access.

WHAT YOU CAN DO TO KEEP YOURSELF AND OTHERS SAFE:

- When possible, participants should arrive only a few minutes before their program begins in order to limit traffic and congestion within the hallways and waiting spaces.
- When possible, participants are encouraged to bring their own mats and equipment.
- Participant should bring their own water bottles as fountains are *temporarily unavailable*.
- Please limit personal items as lockers are *not currently available*. You will need to keep all personal items with you at all times.
- Please wear your workout clothing to your activity. Changing at the facility is strongly discouraged. Carry with you your indoor footwear and bring a bag to place your outdoor shoes in when they are not being worn.
- Participants will be expected to spend a few minutes at the beginning and at the end of their program to sanitize their spaces and wash their hands. Frequent hand-washing is one of the best ways to prevent the spread of infection.
- Edmonton mandates masks at City of Edmonton owned facilities as of August 1, 2020. Yes, that includes NESA. Participants, members, staff and volunteers will now be **REQUIRED** to wear a mask while in the facility. Exceptions will be made to people with health conditions that make it difficult or impossible to wear masks. If you are in a physical fitness program, you will not need to wear the mask during your activity but will be expected to wear it before and after.

NOTE NESA will **NOT** be supplying masks to members.

PLEASE NOTE

Program durations scheduled are inclusive of the time required for instructor and participant equipment and shared-space disinfection and sanitization.

MASK/FACE COVERING IS MANDATORY AT NESA

As of August 1, 2020, the City of Edmonton has mandated masks be worn at all City of Edmonton owned facilities effective August 1, 2020.

NEW! Financial Wellbeing for Women in Retirement

Weichun Woo, Mackie Research Financial Advisor

By 2026, it's estimated that women will control nearly half of all accumulated financial wealth in Canada. As women often outlive their spouse, 90 % of women will be the sole financial decision maker at some point of their lives. In many relationships, the husband is often the primary financial decision maker, with surviving widows, female retirees are finding a steep learning curve after the husband is gone. Moreover, there are also more women who choose to be single, either never married or divorced. Learn the basics in how to get started on important strategies, mindset, and facts of navigating the financial and investment landscape as a woman in retirement.

NEW! Serious Fun

Dorothy Lowrie, CEO of Human Learning Architecture

Let's consider the "serious" topic of ageism and "fun" - incorporating play in our life - during a pandemic. With the growing number of seniors in society, ageism was already a concern; some studies noted ageism as the primary type of discrimination. Add to the mix a pandemic that is said to be a higher risk for the elderly. This presentation explores the impact on our society of ageism and methods to ensure self and peer support to counteract this issue. Play should remain an important part of our lives, regardless of age. This presentation will also explore the health benefits of play, in particular when we are dealing with a stressful time - such as a pandemic. Some creative and fun ways to introduce more play into your life will be explored!

The Role of Exchange Traded Funds

Weichun Woo, Mackie Research Financial Advisor

Like mutual funds, ETFs allow investors to spread risk over a series of investments, as opposed to one or two stocks or bonds. However, ETFs typically charge lower management fees than mutual funds (although the investment results does not mean they are always better!). They are also gaining in massive popularity among retirees for the past 7 years, and vary in how they are managed. Like all types of investments, there are both benefits and risks, as there is no such thing as a perfect investment. Come join Wei Woo as we discuss the pros and cons of using this category of investments in a retirement portfolio.

DONATION REQUEST FROM NESA!

Have any worsted weight yarn you're not using? If so, please bring it to NESA and have it donated to 'Knitting From the Heart' so this volunteer group can turn the yarn into amazing creations that will be donated to those in our community who need them most! Thank you!

Over 40 years ago, the North Edmonton Seniors Association chose a different way to get older. We began with a simple premise: fun has no expiration date. It keeps you young. When we learn, play, build, eat, dance and travel together, we are happier and healthier. We live longer. We live more meaningfully.
